IMPORTANT PATTERN INFO- PLEASE READ!

My suggestion would be for you to make the bottom, middle and head section BEFORE attaching your feet, this way, you don't have an issue with where you are starting your lip on the head. I hope this makes sense. This is my first shared pattern with the world, so please be patient with me, I will answer any and all questions you have as soon as I am able.

Thank you so much for your interest in this pattern! ~Colleen

19. *1 sc in nxt 2 sc, decrease over nxt 2 sc* repeat around (18)
20. *1 sc in nxt sc, decrease over nxt 2 sc* repeat around (12)

PAUSE at this time to attach the feet to the bottom of the body segment along with buttons if you are attaching them with thread or yarn. **(ONLY ATTACH FEET & BUTTONS AT THIS TIME IF YOU ARE MAKING OLAF IN SECTIONS!!)** Start stuffing the bottom body segment at this point.

We are working straight into the mid/upper body section in this pattern. If you choose to make and sew the segments separately, you will follow the notes at the end of this pattern to start each new segment.

UPPER BODY SEGMENT

(Again, continuing from where we left off at 12 stitches in Lower Body Segment...)

1. *1 sc in nxt sc, 2 sc in next* repeat around (18)
2. *1 sc in nxt 2 sc, 2 sc in next* repeat around (24)
3. 1 sc in ea sc around, back loops only (24)

11. *1 sc in nxt sc, decrease over nxt 2 sc* repeat around (12)

PAUSE, sew on Olaf's button or other appliqué for his upper body button (**ONLY SEW BUTTONS ON AT THIS TIME IF YOU ARE MAKING OLAF IN SECTIONS!!**). stuff

12. *1 sc in nxt sc, decrease over nxt 2 sc* repeat around (8)

HEAD

([Video Tutorial for Head](#))

(Working from UPPER BODY SEGMENT directly into HEAD section...)

1. 1 sc in ea sc around (8)
2. *1 sc in 1st sc, increase with 2 sc in next sc* repeat around (12)
3. *1 sc in nxt 2 sc, 2 sc in nxt sc* repeat around (16)
4. 1 sc in ea sc around (16)
5. 1 sc in ea sc around (16)
6. 1 sc in ea sc around (16)
7. 1 sc in ea sc around (16)
8. 1 sc in ea sc around (16)
9. 1 sc in ea sc around (16)

This next section of the head is a little tricky. See VIDEO for visual explanation.

When you begin row 10, you will want to make sure you are starting at the right side of Olaf's body as Olaf is facing you. ([SEE DIAGRAM and/or VIDEO](#)). For this reason, you will want to wait to place your embellishments to make sure your face is positioned correctly.

10. [Front post dc](#) into each of the next 6 sc, sc into the next 8 sc which will bring you back around to the right side of Olaf. 2 sc in last sc. (16)

If you have completed row 10 correctly, you will have the upper lip formation of Olaf's mouth across the front of Olaf's face and you will end where you began, with your next stitch being the first fpdc that you created in row 10...

11. [Back post dc](#) into each of the 6 front post dc that you created, inc with 2 sc into next sc, 1 sc into next 8 sc, In the last sc, make an inc with 2sc into last sc. (18)
12. *1 sc in nxt sc, decrease over nxt 2 sc* repeat around (12)
13. 1 sc in ea sc around (12)
14. Decrease over nxt 2 sc, sc in nxt 8 sc, decrease over last 2 sc. (10)
15. 1 sc in ea sc around (10)
16. 1 sc in ea sc around (10)

Sew on CARROT NOSE. (See CARROT NOSE pattern below.) Stuff.

17. *1 sc in nxt 3 sc, decrease with 2sc in next sc* repeat once (8)
18. Weave around front loop of ea stitch for clean FO. This will also keep the top of your Olaf head a bit rounder.

Finish off.

BRANCH ARMS (Make 2)
[\(Video Tutorial for Arms\)](#)

1. Decide placement on either side of Olaf's UPPER BODY SEGMENT. Insert your hook into the sc on already finished body part and through the other side of sc.
2. CH 14
3. sc into 2nd chain from hook, slip stitch into nxt 2 ch
4. CH 4
5. sc into 2nd chain from hook, slip stitch into nxt 2 ch
6. CH 4
7. sc into 2nd ch from hook, slip stitch into nxt 2 ch
8. CH 4
9. sc into 2nd ch from hook, slip stitch into nxt 2 ch

You have just made the arm and 4 fingers.

10. pull your fingers around to form a hand and slip into the ch following the 2nd slip stitch made in the very first finger.
11. Hide your tail into the palm of hand, for the tail near the body, wrap tail around the bottom part of arm and tie off, FO.
12. Repeat for 2nd arm on opposite side of body.

I have created a video tutorial for Olaf's arms, so if you are struggling at all in this section [CLICK HERE for video tutorial](#))

CARROT NOSE (Use your smaller hook for this)
[\(Video Tutorial for Carrot Nose\)](#) **REVISED**

(This part is a doozy because of the tight stitch space! This is how I made my carrot nose. If you have a less head throbbing method, I would say, go with it!)

1. Make a magic loop and sc 6 into loop (6)
2. 1 sc in ea around (6)
3. 1 sc in ea around (6)
4. dec, sc in nxt 2 st, dec (4)
5. FO leaving long tail to weave through to bottom to stitch onto your Olaf doll.

FO and shape nose as best as you can into carrot shape, don't stuff.

HAIR

[\(Video Tutorial for Hair\)](#)

This part is pretty simple. You are only going to need your brown thread and blunt needle. You will weave your hair in the top of your head, tying it together to hold it in place. Follow video tutorial above, for more specific information.

EYEBROWS

[\(Video Tutorial for Eyebrows\)](#)

For the eyebrows, what I have done here is, with blunt needle and brown yarn, I go in at the hair line with the needle, coming out in the stitch I want to begin my eyebrow, I create my 1st eyebrow then coming in with my needle at the starting position of my 2nd eyebrow. When finished stitching my eyebrows, I come up through the hairline to finish off.

It is much easier to show this method than to explain in writing, so feel free to check out my video tutorial above!

NEW!! ALTERNATIVES TO GLUE ON PIECES: FULL CROCHET OLAF!

[\(Video Walkthrough for the Crocheted add-ons\)](#)

CROCHET EYES

Use G or F hook here: If you wish to crochet your eyes, it is this simple!

With your white yarn, make your magic circle, work 4 sc into the circle, join.

With your black yarn, stitch your black into the white to create the black of eye, OR, cut out a small round piece of black felt & with black thread and needle, tack in place in center of white of eye, or wherever you'd like to place it.

CROCHET MOUTH

Use a G or F hook here: Ch2, in 2nd ch from hook, work the following stitches:

1sc, 1hdc, 1dc, 2 treb crochet, 1dc, 1hdc, 1sc, fo & stitch to face just below the top lip, forming mouth as you stitch in place.

CROCHET TEETH

With your D hook, ch5, sc in 2nd ch from hook and remaining 3 ch (4), ch1, sc in ea st across, FO

NOTE: For the mouth to work out right crocheted, you will need to use a smaller hook. I am using a D hook for my teeth, when I used a G hook for my mouth

NOTES FOR CREATING & ATTACHING OLAF IN PIECES

If choosing to make and sew each segment of Olaf separately, you will make your feet as noted in pattern, make your lower body segment, also as noted in pattern, but after row 20 in LOWER BODY SEGMENT, you will add this next step:

21. Decrease over nxt 2 sc around (6) Finish off leaving a tail to attach to upper body. Stuff & set aside.

FOR UPPER BODY SEGMENT, you will start this segment with:

Magic loop & sc 6 into loop (6) (Do not join at the end of each row.)

Increase by 2 sc in ea sc around (12)

Next you will pick up from round 1 of the pattern for this section. After row 12, you will continue on with the following:

13. Sew on embellishment, create arms, as noted in pattern (SEE VIDEO FOR OLAF ARMS). Stuff, finish off & set aside.

For the HEAD section, you can simply begin with a magic loop working 8 sc into the loop, and then continue on with row 1 in the pattern.

Some people may prefer this method to avoid the bulk of the rest of the project getting in the way.

If you choose to work this project in segments, you will just finish off each segment, stuffing each piece separately, and then sew together in the end.

HEY!! WE JUST BUILT A SNOWMAN!! =)
